

DEAR CORPORATE SPONSOR:

We are pleased to inform you that the 4<sup>th</sup> Asia-Pacific Symposium on Radiochemistry '09 (APSORC '09) will be held in Napa, California, U.S.A., from Sunday, November 30 to Friday, December 4, 2009. Within 12 topical sessions, the Symposium will cover a wide range of subjects related to Nuclear and Radiochemistry. Further details can be found at our web site <http://apsorc2009.berkeley.edu/index.html>

To date, we have received more than 160 abstracts and we expect still a significant number of additional submissions until the deadline on July 31, 2009. The participants are mainly from Japan, USA, China, Europe, and other Asian countries. This meeting presents an excellent opportunity to present your company to a large part of the world-wide community of nuclear and radiochemists coming from a variety of related fields. We invite you to consider the opportunities for reaching a prime audience by becoming a Corporate Supporter of APSORC '09. In these difficult financial times, especially for the public sector, science needs your kind support more than ever before. Our symposium would be significantly enhanced by your participation and support.

Please do not hesitate to contact me (cell 1-510-325-8257, [hnitsche@berkeley.edu](mailto:hnitsche@berkeley.edu)) if you are interested in becoming a Corporate Supporter at APSORC '09 or have any questions.

We look forward to your participation and assistance in making APSORC '09 successful and mutually beneficial to all, and hope to welcome you in California's Napa Valley toward the end of this year .

Sincerely yours,

Heino Nitsche
